Selected artists from *Venice Time Case*

Cellar Contemporary

Via San Martino, 52 - TRENTO

16.03 - 16.06.2023

Opening 16.03.2023 h 18:00

Cellar Contemporary, gallery whose mission has been to spread and promote the work of young artists through situations of exchange and interplay since its opening in 2016, is excited to present *Venice in Cellar* in occasion of the traveling exhibition *Venice Time Case* - conceived by Luca Massimo Barbero and open for visit at Studio d'Arte Raffaelli.

A selection of works from a few artists of the venetian area, will offer the audience a further insight into their artistic research, following the common exhibiting horizon that connects the two galleries.

Confirming its experimental aptitude, Cellar Contemporary and its team will thus work with the artists for the first time, offering the young talents on display a space to meet - and interact - with their audience.

The exhibits will be launched at the same time in both galleries of Trento on Thursday March 16 starting from 18:00, in the presence of the curator Luca Massimo Barbero and some of the exhibiting artists.
